

Congratulations!

You are invited to join the VPAC
Competition Team!

This team will consist of advanced level dancers who have displayed great technique and performance potential during regular classes. In observing your performance throughout the year, your hard work and abilities have been noted. As a member of the Competition Team, you will attend a weekly one-hour session to learn and rehearse choreography for several high-difficulty performance pieces, which will be performed on both nights of the annual spring recital as well as regional talent competitions and community performances. This team is highly technique and performance based.

I hope you will take advantage of this great opportunity. Only a select number of dancers are chosen each year to be a part of this team. Congratulations on being one of those dancers!
